DETAILED ACTION

Allowable Subject Matter

Claims 1-14 allowed.

The following is an examiner's statement of reasons for allowance:

As to independent claims 1 and 7, see Applicant's Remarks, filed April 10, 2006, for reasons for allowance over the prior art of record.

Further, with regard to claims 1 and 7, the prior art of record, taken alone or in combination, fails to disclose or render obvious an apparatus or method including *the combination of*: setting a position of a probe location within a predetermined converging range of a positioning laser beam; polarizing a probe beam and reference beam in different directions with respect to each other; and adjusting a table on the probe processing apparatus to minimize the detected phase difference between the reflected beam and the reference beam, in combination with the rest of the limitations of claims 1 and 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
